

# DIAMOND JUBILEE TREASURE HUNT

Children! Now the fun begins!  
A Treasure Hunt! Let's see who wins!  
Hidden in the Church have been  
60 diamonds for the Queen —  
The number's right, as you'll agree,  
To mark Her Diamond Jubilee;  
A hidden diamond's what we've planned  
For every year She's ruled the land.  
60 diamonds! Hard to miss —  
Bright and shiny, just like this. >>>  
Somewhere, hidden from your eyes,  
Are 59 of just this size,  
And, hidden as a special test,  
There's one much bigger than the rest.  
Who finds this one big diamond there  
Will win this Royal Teddy Bear >>>  
But if you don't, you'll still have fun —  
We've diamonds here for everyone.  
Because the Queen is good and kind,  
You get to keep each one you find,  
And at the end, please stay around—  
We'll count the diamonds each has found  
And then you'll see, before your eyes,  
We have another splendid prize:  
Who tracks the largest number down  
Will get to have this glorious Crown!
